

Report of Guest Lecture

Seshadripuram Institute of Management Studies has conducted a Guest Lecture session on 'Educational Challenges for Future Citizens' by Mr. E P Menon. The session was held on 01-12-2018 at Sabhangana SFGC.

The welcome speech was given by Ms. Midhuna of I semester MBA. Introduction to the guest was given Mr. Narasimha Murthy, Visiting Faculty, Seshadripuram Institute of Management Studies. Dr. Vatsala G, Director SIMS presented a bouquet of flowers to the Guest.

The summary of words spoken by Mr. E P Menon is as follows. Education is meant to empower the young. At a very young age Mr Menon started questioning the conventional practices of this world. He stood for honesty and secularism. He was rejected a passport because he refused to mention his religion.

Mr. Menon was moved by a message given to the world by Bertrand Russel from a prison in London against the use of nuclear energy. He wanted to make a change himself. Thus with the humble resources that were available to him he started a journey with his friend to meet the world leaders.

They thus embarked on an adventurous journey and successfully met the Presidents of US, France and US and also the Prime Minister of Briton. He thus explained to the students that all obstacles can be overcome with determination to succeed.

At the end of the session he interacted with the students and answered the questions they had. He explained the importance of education in moulding the character of students and emphasises on fearlessness.

The session was concluded by a vote of thanks given by Mr Karan Rajendra of I semester MBA. Dr. Vatsala presented Mr. Menon with a memento at the end of the session.
